HEALTH SAVINGS ACCOUNT (HSA)

An HSA allows you to use before tax dollars to reimburse yourself for eligible out-of-pocket medical expenses for you, your spouse and your dependents, which in turn saves you on taxes and increases your spendable income. Both you and your employer can contribute to your HSA.

HSAs have many benefits such as:

- An HSA is yours. Funds in your HSA account stay with you, even if you change jobs.
- Contribute tax free. An HSA reduces your taxable income. The money is tax free both when you put it in and when you take it out to cover qualified medical expenses.
- Grow funds tax free. An HSA grows with you. When your HSA account balance reaches the minimum balance requirement, your funds can be invested in mutual funds yielding tax-free earnings.
- Spend tax free. Withdrawals used for eligible expenses are tax free.
- Funds can be withdrawn anytime for medical expenses.
- After age 65, the funds can be used for any purpose, without penalty.
    - Important: An individual's eligibility to make or receive HSA contributions are subject to specific requirements, set by the IRS, including, but not limited to:
        - May only be enrolled in a qualified high-deductible health plan (HDHP)
        - May not also be in a tax household that is contributing to a general purpose Health FSA (e.g., a spouse's employer)
        - May not be enrolled in any part of Medicare, including Part A

CARROT FERTILITY & FAMILY

Carrot’s mission is fertility care for all — regardless of age, race, income, sex, sexual orientation, gender identity, marital status, or geographic location.

Carrot provides personalized, expert support for people exploring their fertility health, pursuing parenthood, already pregnant, or going through menopause or low testosterone — all on an easy-to-access platform. Because no two fertility journeys are the same, and everyone deserves care that’s right for them.

Carrot’s unique educational program guides members to lower cost, medically appropriate care. When IVF is the best option, Carrot’s focus on clinical best practices has resulted in an industry-leading 3% SET rate — the single most predictive indicator of a singleton IVF pregnancy and subsequent successful singleton live birth — and above-average IVF pregnancy rates. That means better outcomes, better member experiences, and, ultimately, lower costs.

With the largest global network of 10,000+ clinics and agencies in 130+ countries, Carrot members get exceptional, personalized support no matter where they are. And with the Carrot Card, securely paying for care is fast and easy even with international transactions and cross-border care.

TERM LIFE INSURANCE 101

FLEXIBLE SPENDING ACCOUNTS (FSAs)

Health Care FSA

A Health Care Flexible Spending Account (FSA) provides you with the ability to save money on a pre-tax basis to pay for any IRS-allowed health expense that is not covered by your health care plan. Examples of these types of expenses include deductibles, copayments, coinsurance payments and uninsured dental and vision care expenses.

You may elect a specific annual contribution for each FSA in which you plan to participate. Your annual contribution is then divided by your number of pay periods and that amount will be deducted pre-tax each pay period. The amount you elect may not be changed or revoked during the plan year unless you experience a qualifying life event.

Dependent Care FSA

A Dependent Care FSA provides you with the ability to save money on a pre-tax basis for day care expenses for your child, disabled parent or spouse.

Up to $660 can roll over from 2025 to 2026

CoreWeave allows the maximum flexibility permitted by the IRS for Health FSA to carry over from one plan year to the next. Any unused Health FSA funds in excess of $660 and ALL unused dependent care funds are forfeited, per IRS regulations.

Limited Purpose FSA

A Limited Purpose Flexible Spending Account (LPFSA) is a pre-tax benefit that allows employees to set aside money for eligible dental and vision expenses. LPFAs are usually offered to employees enrolled in a high-deductible health plan (HDHP) with a health savings account (HSA).

A run-out period is a window of time for participants to submit requests for unreimbursed expenses incurred during the plan year.

The run-out period deadline is 90 days following either the end of the plan year, or the loss of eligibility, whichever comes first.

FSA

2025 FSA Maximum Contributions

Health Care FSA: $3,300

Dependent Care FSA: $5,000

COMMUTER BENEFITS

Use pre-tax dollars to pay for qualified work-related commuting and/or parking expenses.

You can contribute AND spend up to $325 per month for Parking (ramp, park-n-ride) and up to $325 per month for Transit (bus, train, ferry, subway, and vanpools). You cannot commingle the parking and transit accounts.

It must be commute-related.

Eligible transit and parking expenses must be commute-related. Eligible parking must take place at or near your place of employment or at a location from which you commute to work.

The money rolls over month-to-month and year-to-year.

You can only spend what you have contributed into the account but 100% of unused funds rollover from month to month. Even if you have a balance of over $325 in either transit or parking, you can still only spend $325/month. 100% of your transit and commuter benefit balances to carry over from one plan year to the next.

Caution: Take care not to accumulate excess funds in your commuter account(s).

Elections may be updated at any time during the year as your commuting needs change.

Participants have a 90-day runout period (at the end of each plan year, or upon separation of employment) to claim qualified expenses that were incurred without use of the Commuter debit card.

Hover over the icons to the right to learn more about each of these benefits.

VOLUNTARY BENEFITS

Even with medical insurance, you could still be subject to unexpected out-of-pocket expenses in the form of copays, deductible, and coinsurance. These Voluntary Benefits provide lump sum payments to be used towards your health care expenses, or however you see fit.

KINSIDE CHILD CARE

American economic growth has been driven primarily by women entering the workforce for several decades. However, workplace culture and structures have not caught up to the demands of dual-working families, nor family-centric values.

Kinside is a flexible, full-service child care support for working families. Using their nationwide child care network and full-service concierge, Kinside makes it easy to save.

A Modern Solution for Working Families

Nationwide network - Open spots and pre-negotiated tuition rates at tens of thousands of partnered providers. New child care partners are added daily based on employer hot spots and parent searches.

License history - Kinside surfaces providers' license and visitation history to help parents make informed enrollment decisions.

Easy implementation - Get up and running in under one month, HRIS integration is optional.

Simple search - Help your parents save weeks searching for child care, easily based on factors like geography, price and most importantly, availability.

Full service concierge - Kinside's concierge team works one-on-one with parents to answer their questions, deliver custom matches and even research tours at openings at programs we're not yet partnered with.

Seamless payments - The first and only payments system that allows parents to use their DCFSA funds, ACH or a blend of multiple payment methods to pay their provider.

BLACKSTONE PORTFOLIO OPERATIONS PERKS

As a Blackstone portfolio company, CoreWeave employees have access to exclusive offers and promotions from Blackstone's direct-to-consumer (DTC) companies.

These promotions include ongoing discounts year-round in addition to special events with significant savings for a limited time (e.g., end-of-season sales). Blackstone actively works with its DTC companies to continually introduce new exciting brands and categories globally. Employees can access the brochure from the Benefits page on Notion.
