Flex Reimbursement Allowance Covered List

Philosophy

The intention of the Flexible Reimbursement Allowance is to assist you in the purchase of **basic** goods and services for your relocation and settlement. One of our main values is "**Members First**" and as such, we provide flexibility with thoughtful boundaries. Our other key value, "**Act Like an Owner,**" guides the spending of the reimbursable allowance, focusing on items that are **basic necessities** for relocation, not day-to-day ongoing living expenses **nor luxury items.** All reimbursable items (1) need to be submitted with receipt of purchase or direct billed through Altair Global (2) must be utilized and expenses submitted **within 6 months** from your LinkedIn start date in the new location.
