LinkedIn

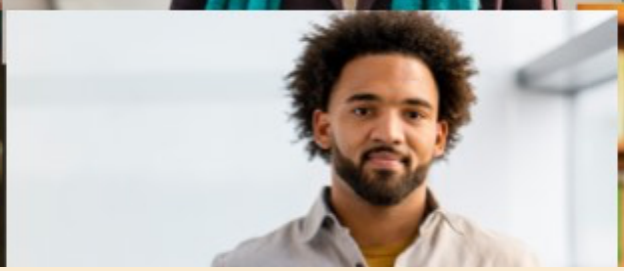

Relocation Assistance Program Guide

Congratulations on your upcoming relocation with LinkedIn Corporation, its subsidiary or affiliate. This is an exciting time for you and your family filled with many new opportunities. LinkedIn wants this transition to be as smooth as possible for you and your family and is the reason we have prepared this Relocation Assistance Program Guide. Making well-informed decisions requires an understanding of LinkedIn's Relocation Assistance Program and your role in the process. Please take time to read this Program guide carefully.

LinkedIn knows that relocating can be a stressful and expensive endeavor. As such, LinkedIn's Relocation Assistance Program is designed to aid you in navigating some of these challenges and expenses associated with relocating. The intention of our program is to provide assistance toward your relocation expenses and to help get you settled into your new location providing flexibility with thoughtful boundaries. Part of our Program allows for arrangements and direct billing of services, and the other part of our program is to reimburse you for relocation related expenses (as outlined in the Flex Reimbursement Covered List) through our relocation provider, Altair Global.

Throughout your relocation there are numerous personal, legal and tax issues to be considered. Recognizing this, LinkedIn has partnered with Altair Global ("Altair") and other preferred vendors to assist you in coordinating your relocation. Upon receiving the authorization from LinkedIn, Altair will assign a Consultant who will be your primary point of contact throughout your move. Your Altair Consultant will guide you through the relocation process and will answer your questions. Your Altair Consultant will also outline the information you need to provide in order to expedite your move.

We encourage you to become fully involved in your move and to work closely with the professionals who have been made available to you. Planning your move with a clear understanding of the Program will also help avoid unpleasant surprises such as non-reimbursable costs. Discuss any unusual circumstances with LinkedIn Global Mobility at the outset of your relocation.
If you have any concerns throughout your relocation, please feel free to contact LinkedIn Global Mobility at Globalmobility@linkedin.com.

Our best wishes for success in your new location.

Sincerely,
LinkedIn Global Mobility

RELOCATION ASSISTANCE PROGRAM INTRODUCTION

Along with understanding the Relocation Assistance Program, there are numerous personal, logistical and compensation issues to be considered. Recognizing this, LinkedIn has selected and partnered with key suppliers to assist you with your relocation. In accepting relocation with LinkedIn, you are required to work with these company-designated suppliers for your relocation, thus supporting LinkedIn's overall goal of valuing service while managing cost. LinkedIn and our suppliers will work together to facilitate your relocation to your new home. Ultimately it is your responsibility to prepare for your relocation; your committed involvement in the process will make your transition a smooth one and your relocation a success.

LinkedIn Global Mobility maintains overall responsibility for the development of, and decisions regarding the Relocation Assistance Program. Please be certain you fully understand the relocation benefits before incurring any expenses.

Any expenses you incur which are not included in the benefits provided to you under LinkedIn's Relocation Assistance Program will not be covered. No cash equivalent payments will be provided in lieu of Program Benefits, and unused Program Benefits cannot be traded for cash. To the extent that any term of this Program is contradictory to local laws, such local laws shall prevail, and this Program shall be applied in accordance with them.

PROGRAM OBJECTIVE

LinkedIn's Relocation Assistance Program is intended to:

- Facilitate your timely transition to your destination location.
- Minimize your out-of-pocket expenses.
- Comply with applicable tax regulations as they relate to benefits.

PROGRAM ADMINISTRATION

Altair Global will administer all relocation activities and benefits under its contract with LinkedIn. Altair Global is a full-service relocation management firm retained by LinkedIn to assist you with each step of your relocation. Altair has years of experience and a vast array of resources at its disposal. You will have a primary point of responsibility at Altair, your relocation consultant, who will provide service, answer questions, and address issues that arise.

In addition to normal business hours, your relocation consultant is available evenings and weekends to assist you with any urgent aspect of your relocation. Altair offers comprehensive services to make your move successful, including departure, destination, transition, and administrative benefits.

Altair's STAR® Employee and Family web site contains simple and intuitive interfaces, which allow retrieval of vital information in just a few easy clicks. Once Altair receives your authorization for

relocation from LinkedIn, you will receive an invitation via email to create your STAR® account online. You will have access to relocation resources, tools, policies, and related documents, viewing online messages about your relocation, and submitting and tracking expense reimbursement requests.

Make the most of STAR® at your convenience, but never hesitate to contact your consultant whenever you are in doubt or need assistance with your relocation.

RELOCATION PROGRAM ELIGIBILITY

This Program is intended for business-sponsored relocation of current employees or new hires required to relocate and work in another location for an indefinite period of time and without expectation or commitment by LinkedIn to return them to their departure location or to any other location locally or internationally.

This Program does not apply to international assignments, extended business trips, or any temporary assignments.

All relocation benefits must be selected and completed within six months of the start date in the new location, to the extent permitted by applicable law.

One relocation package will be provided per household. If a second relocation package is offered the current employee or new hire will need to determine which of the two plans will work best for their personal circumstance. In the event that the alternate package does not cover relocation for the incoming LinkedIn Employee, LinkedIn will review and provide individual recommendation on benefits coverage.

When family members are entitled to relocation benefits within this Program, the following definition of "family" will apply:

> *The employee's spouse/domestic partner and dependent child(ren) who reside with the employee at the time of offer acceptance of the new role and who will reside with the employee at the destination location.*
>
> *Domestic Partner is defined as same sex or opposite sex partners who have been living together for at least 6 months, with shared living expenses (rent, utilities, etc.) and where benefits coverage for Domestic Partnership is legally allowed in the destination country.*

Your relocation with LinkedIn is not an employment offer, contract or guarantee of continued employment. Relocation benefits will cease upon notice and/or termination of employment, unless otherwise required by applicable law or the employee's employment agreement.

LinkedIn reserves the right to terminate, suspend or amend its Relocation Assistance Program at any time. Further, LinkedIn retains ultimate discretionary authority to interpret the provisions of this

Program and to determine eligibility for benefits. There will be no cash payments in lieu of utilization of any Program components contained in this Program, nor may any Program component be substituted for another. LinkedIn's decisions regarding the application and interpretation of the Relocation Assistance Program are final.

PERSONAL FINANCIAL AND LEGAL MATTERS

There are a number of personal, financial and legal issues you may need to address or research from both the departure and destination location perspectives before relocating. LinkedIn emphasizes the importance of completing these necessary arrangements prior to transfer. You can refer to LinkedIn's International or Domestic Checklist for more information. Examples of such matters include but are not limited to:

- International travel directly before or after your immediate international relocation date can affect your personal taxes and should be avoided if possible. Check with a tax professional for more information.
- Updating and documenting the location of wills and insurance policies
- Adjusting banking procedures
- Voting registration
- Continuing mortgage and other installments payments
- Modifying contact arrangements with investment firms, etc.
- Modifying personal liability insurance as needed
- Arranging for mail forwarding/bill paying

Program Experience

Your experience matters to us and your insights help shape the way LinkedIn supports future relocating employees. Throughout your relocation, you will receive surveys from Altair and other vendors that assist with your move. Surveys, which may be done via telephone, online, or e-mail, ensure the programs and providers are meeting your expectations. Your participation in the surveys is very important and LinkedIn requests that you be candid in your assessment and complete all surveys as quickly as possible. You are always welcome to provide feedback directly to the LinkedIn Global Mobility Team by emailing us at globalmobility@linkedin.com.

BASELINE/FLEX REIMBURSEMENT ALLOWANCE BENEFITS

LinkedIn's Relocation Assistance Program is divided into two parts: Baseline and Flex Reimbursement Allowance benefits. This Program structure provides flexibility for you to determine your relocation needs, while ensuring compliance with all local rules and regulations.
You will be notified of your eligibility for Baseline and Flex Reimbursement Allowance benefits and the maximum amount of Flex Reimbursement Allowance benefits in your offer letter/contract of employment.

The intention of the flexible reimbursement allowance is to assist you in the purchase of goods and services for your relocation and settlement. One of our main values is "Members First" and as such

we provide flexibility with thoughtful boundaries. The reimbursable items are necessities for relocation, not day-to-day living expenses (such as transportation to and from work, meals post move, toiletries, groceries etc.).

> *Benefits such as medical, dental, vision, travel insurance or any wellness programs are covered outside of this program. For more information on items covered under the Flex Reimbursement Allowance, please refer to the Flex Reimbursement Allowance Covered List.*

Your Altair Consultant will also review the benefits with you during your initial consultation call and throughout your relocation period.

BASELINE BENEFITS

The Baseline Benefits are standard relocation benefits provided to everyone who participates in this Program. Any unused Baseline Benefits cannot be traded for any other relocation benefits and will not be eligible to be cashed out. Baseline benefits must be used within the first 30 days following the employee's LinkedIn start date in the new location.

Immigration

LinkedIn, through an immigration services provider, will assist with obtaining and extending necessary work permits and visas for you and your eligible family members to reside in the destination location.
Please note the laws of certain countries may prevent LinkedIn from obtaining a visa for a same-sex spouse or domestic partner to relocate with you.

Work Permits and Visas

Work permits must be obtained before the relocation can begin. The permit/visa process differs in each country. In countries where permits are required for entry, residence or employment, you should expect the process to take a minimum of six to eight weeks. Residence or entry visas for accompanying family members may require additional processing time (and it should be noted that your family members may be unable to obtain permits to work in the destination country).

Passports

You and your eligible family members must have all necessary documentation to allow foreign travel, including valid passports. You will be responsible for obtaining and maintaining valid passports for all accompanying family members. Passports must be valid for at least six months from the expiration date (certain countries may require more than six months).

Registration

In locations where you must register or encounter other compliance-related activities with regards to your visa or work permit, LinkedIn will provide assistance through its immigration services provider to coordinate and cover necessary expenses. The immigration services provider will provide you with information about these requirements and assist with appropriate arrangements as needed. For other local registrations, please refer to the section below *Compliance Support*.

Physical exams and immunizations

If your destination country's immigration laws require medical exams/immunizations, LinkedIn will reimburse all medical examination costs, not covered by medical insurance, for you and your accompanying family members prior to departure.

Temporary Housing

LinkedIn will provide temporary housing accommodations at the destination location as needed, for the number of days indicated in your offer letter Relocation Benefits Summary. The cost of temporary housing will be covered for you and your eligible family members (a one or two-bedroom unit will be provided based on your family size where available) in accordance with the benefits of your relocation plan. Temporary housing accommodations will be coordinated through your Altair Consultant.

Upon authorization from LinkedIn, Altair will:

- Initiate your temp housing benefits in accordance with your relocation plan
- Contact the appropriate resource to determine availability of units and leasing terms
- Provide you with the name(s), location(s) and details of available unit(s) for your selection

Upon notification from you of your preferred accommodations, Altair will:

- Assist in negotiating the terms of the lease in accordance with the appropriate reimbursement guidelines and your requirements
- Advise you on what documents need to be completed and billing procedures
- Maintain contact with you throughout the temporary housing period to coordinate changes or resolve issues
- Bill cost of housing directly to LinkedIn where available. The cost of additional amenities (i.e. maid service) will be your responsibility

If temporary housing units are not available:

- Altair will assist with sourcing local Hotel Accommodations
- Altair can reimburse for hotel arrangements made on your personal credit card

Housing Period

The temporary housing period will begin on the day of your arrival in the destination location, but no more than 14 days prior to your LinkedIn start date and will end when the temporary housing period expires.

Travel to the Destination Location

LinkedIn will cover travel from the departure to destination location incurred by you and your eligible dependent family members. Your Altair Consultant will authorize travel to LinkedIn's designated travel agency, BCD Travel, in accordance with LinkedIn's travel policy. Air travel will be direct-billed to LinkedIn. Hotel should be booked using your personal credit card, and then

submitted through Altair for reimbursement. At no time should you use your LinkedIn company credit card to reserve Relocation-related travel.

Please Note: LinkedIn does not endorse traveling by car for distances greater than 400 miles/645 kilometers.

Travel options include:

- Air travel and the cost of one piece of checked luggage per person. Two-week advance purchase will be required, when possible. Air travel should be booked in accordance with LinkedIn's travel policy;
- The cost of train tickets in accordance with LinkedIn's travel policy; or
- Should you decide to drive to the destination location, you will be reimbursed for mileage up to the amount of the cost of the flight arrangements for family members covered under baseline benefits. Mileage reimbursement rates will be determined by destination location standard government rates for relocation (where applicable) or as determined by standard local rates determined by Altair Global.

Home Search Assistance

LinkedIn covers services through Altair with a Destination Service Provider to assist and guide you in the search for permanent accommodation in the new location. If you wish to extend this benefit you may use your Flex Reimbursement Allowance.

Relocation Paid Time Off

If required, LinkedIn will provide you with up to 5 days paid time off for packing, moving and other relocation-related tasks. Make the necessary arrangements with your manager. Relocation paid time off is up to the discretion of your manager. For New Hires, your paid time off will only occur following your LinkedIn start date. Your Relocation Paid Time Off will need to be recorded in Workday.

Compliance Support at Destination (International Relocation Benefit Only)

LinkedIn covers services through Altair with a Destination Service Provider to assist you with Compliance Support (tax ID registration) in the destination location

Bank Account

If relocating to a new country, LinkedIn covers services to assist you with setting up a bank account in your destination location.

Local Registrations

Requirements for local registration vary by country. LinkedIn covers services that provide information on registrations required to meet local requisites.

Taxes *(For All)*

Tax Gross Up Assistance

LinkedIn will supplement destination location taxes incurred on any taxable relocation benefits as part of Baseline and the Flex Reimbursement Allowance provided to you in connection with your relocation. This destination country tax supplement will be provided at the time the benefit is reported on the destination payroll. It will be computed using the withholding tax rate that is generally applied in the destination country.

In the event that, when you file your destination country tax return, the tax due on these relocation benefits is determined to be higher or lower than the reimbursement that was provided, LinkedIn will not provide any additional reimbursement to you nor seek to claw back any overpayment.

Personal Tax Responsibility

It is your responsibility to meet all personal tax filing requirements in the departure and destination countries. You will be responsible for any late fees, penalties or interest arising from not providing the required information to the tax services provider in a timely manner (as determined by LinkedIn). LinkedIn assumes no responsibility for your failure to comply with applicable laws and regulations.

Taxes *(International Relocations ONLY)*

Tax Services

If you are relocating to a different country, you will be provided tax briefings for both the departure and destination country through LinkedIn's preferred provider, PricewaterhouseCoopers (PwC). These briefings are intended to provide overviews of the departure and destination country tax requirements and tax implications related to your relocation. Please refer to your relocation plan benefits summary for further details on your tax services.

The cost of services beyond those outlined in your Relocation Benefits Summary will be your responsibility. You may use your Flex Reimbursement Allowance for these costs.

Please Note: Personal investment advice and financial planning assistance is not provided.

Taxes Obligations

You will be liable for actual income taxes and social taxes arising in both your departure country (country of origin) and destination country (country of destination) on all your taxable income including your base salary, bonus, equity income and personal income.

You will be responsible for any income taxes that may arise on these relocation benefits in the departure country. In many cases, such taxes, if they do arise, can be reduced to the extent there are destination country taxes imposed on the same benefits. Local tax laws determine the relief

from double tax that can be claimed on your return. In the event that there is any residual tax in the departure country on these relocation benefits, you will be responsible for this and LinkedIn will not provide any reimbursement for departure country taxes.

One of the conditions of an international transfer is full compliance with income tax requirements of both the departure and destination country including reporting taxable income and filing applicable tax returns and paying taxes by the necessary deadlines. LinkedIn regards compliance with income tax requirements as an obligation of the employee. Employees are expected to handle their tax matters so as not to jeopardize their personal status or that of the company. Employees are expected to exercise care and to follow instructions of LinkedIn or their designated partners with regard to handling tax matters The individual shall be personally liable for penalties or interest charges resulting from failure to observe tax filing or tax payment deadlines or for neglecting to comply with these guidelines, unless due to the company's delay.

FLEX REIMBURSEMENT ALLOWANCE ("FLEX")

Your offer letter will provide information on your eligibility and Flex amount. Expenses can be incurred prior to your LinkedIn start date however reimbursements of Flex can be submitted following your LinkedIn start date in the destination location. Flex is not paid to you as a cash allowance. You can select benefits from the Flex Reimbursement Allowance Covered List provided by Altair. The costs of the Flex benefits you select will be taken out of your Flex Reimbursement Allowance. **All items submitted for reimbursement require a receipt or copy of a credit/debit card as proof of purchase. Altair will not reimburse without documentation.** Any costs incurred above the maximum amount will be your responsibility and not the responsibility of LinkedIn or Altair.

Your Altair consultant will assist you in understanding the Flex benefits and budgeting to make selections that work best for your move and specific situation. As you move through the relocation process, your consultant will provide updates to your budget, based on the services and benefits utilized and tracked against your Flex amount. Flex benefit selections are not interchangeable or exchangeable. All Flex benefits selected and utilized must remain within the Flex amount.

Some of the Flex benefits listed can be coordinated by Altair in partnership with LinkedIn-preferred partners and suppliers. Use of LinkedIn-preferred partners and suppliers helps ensure the following on behalf of LinkedIn, Altair, and the employee:

- Oversight of the process to ensure consistent delivery of services provided to you and your family.
- The ability to take advantage of cost savings established through contractual agreements and volume discounts.
- Assurance that the services provided to you are appropriate and within the scope of LinkedIn's agreements.

- Leverage to help reach quick resolution in the event of any issues.

RELOCATION EXPENSE REIMBURSEMENT

Eligible expense reimbursements must be submitted through Altair's website. Your Altair Consultant will provide additional instructions regarding the use of this site.
The following are important factors related to the expense management process:

- Receipts (copies or originals or debit/credit/bank statements) will be required for all reimbursable expenses.
- All necessary receipts should be attached to the expense form and submitted to Altair within 60 days of incurring the expense, but no later than six months after the start date in the new location, to the extent permitted by applicable law.

The expense forms received by Altair, will be checked for accuracy and consistency with LinkedIn's Program. Under no circumstances should relocation expenses be submitted through the normal LinkedIn business expense process. You have the option to use the Altair Relocation Expense Reporting Form, attach all necessary receipts, and submit for reimbursement via mail.

DATA PRIVACY

By agreeing to participate in this Program and receive relocation benefits, you acknowledge that LinkedIn may collect, store, retain, communicate, transfer, process, and use any information about you or your family (both electronically and manually) relating to your employment, your relocation and benefits under this Program, including any sensitive data that relates to you or your family. You agree that LinkedIn may transfer such information to our relocation service provider Altair who may be: (a) outside your departure or destination location or (b) outside the European Economic Area.

REPAYMENT OF RELOCATION EXPENSES

Moving an employee requires a substantial investment by LinkedIn. Therefore, if you voluntarily terminate your employment with LinkedIn within twelve months of the start date in the new location, you will be required to repay a pro-rated amount of the relocation costs paid by LinkedIn on your behalf (inclusive of baseline benefits, taxes, and flex reimbursement allowances but exclusive of immigration and administration fees), to the extent permitted by applicable law. In addition, all relocation benefits and payments will cease upon notice and/or separation, to the extent permitted by applicable law. As part of your offer documentation, you will be required to sign a relocation agreement, which includes this repayment obligation.

CONTACTS

LinkedIn Stock Administration: LIstock@microsoft.com

LinkedIn Medical, Dental, and Vision benefits, as well as any other country specific benefits, e.g. Pension Plans: Talent Services: talentservices@linkedin.com

APPENDIX

Some of the most common relocation benefits covered under your Flex are outlined for you below:

Rental Car & Ground Transportation

Rental cars booked through LinkedIn's designated travel company include comprehensive insurance coverage under LinkedIn's rental car contracts and direct billing options, depending on local practices. In circumstances where direct bill is not available, please use your personal credit card and submit for reimbursement through Altair. LinkedIn will not reimburse for gas/petrol or provide mileage reimbursement for rental cars.
In lieu of car rental, LinkedIn will cover limited expenses for use of ground/public transportation such as buses, shuttles, trains, taxi's, Uber (where available), or car services.

Lease Cancellation Fees

If you are renting your primary residence in your origin location and choose to dispose of your rental property, LinkedIn will reimburse you for Lease Cancellation Fees. A Lease Cancellation Fee is a fee charged to a tenant or lessee in the event the tenant breaks the lease before the stated lease term has expired. This is sometimes referred to as a Lease Termination Penalty. To receive reimbursement, you must provide an original rental agreement or equivalent documentation from the property manager/owner to your Altair Consultant.

Home Finding Trip

You may choose to take a pre-move trip to the destination location prior to the actual move. The purpose of this trip is to familiarize you and your family with local housing, education availability, shopping facilities, cultural activities, etc. Becoming acquainted with the destination's environment will enable you to set realistic expectations. Additionally, if feasible, you will want to accomplish other objectives during this trip, including locating permanent destination location housing and/or making necessary children's school arrangements, if applicable. Early selection of permanent housing will help to minimize the expense of temporary housing upon arrival in the destination location and will enable you and your family to determine what furnishings and personal effects to ship.

Furniture & Household Goods Purchase

You may choose to spend up to 50% of your Flex Allowance on the purchase of furniture in your new location rather than shipping. In some cases, furniture size and dwelling capacity can vary. Please refer to the Flex Reimbursement Covered List as there are limitations on specific furniture and household goods purchases. For any questionable items, please work with your Altair Consultant.

First Month's Rent & Security Deposit

You may use your Flex Reimbursement Allowance to be reimbursed for your first month's rent and security deposit as outlined in your housing lease agreement. A signed copy of the housing agreement will need to be submitted along with receipt or copy of payment information through bank, debit or credit statement to Altair for reimbursement.

Lease Acquisition Fees

In some locations, you may be required to pay a finder's fee to locate a suitable home in the destination area. A finder's fee (finder's fee, registration fee, or commission) may only be charged by a licensed real estate broker or sales person; and only after the broker or agent has signed a contract that states the fee amount and the tenant's requirements for an apartment. The contract typically also states that the broker or agent will provide a certain number of listings. Finder's fees are fairly common in locations such as New York City, New Jersey, and Chicago where rent prices are high, and availability is often limited.

Destination Services

Your Altair Consultant can assist with arranging additional home finding, school search and orientation services to support the settling-in process in the new location. These services may include an overview of residential areas, viewing of pre-selected housing based on your needs and housing budget, a community familiarization tour, school search, or assistance with lease negotiation.

Household Goods Shipment

You may elect to utilize a portion of your Flex for household goods movement. You have three (3) options which are described herein:

Option 1: Altair-Assisted Van Line Move

If you select a professional household goods moving service, the carrier is skilled in the following: professional packing of your goods into cartons, loading your goods and transporting on professional equipment, providing full replacement cost protection, delivery, placement, and unpacking of items from cartons. Depending on your individual needs, the household good carrier can provide al-a-cart services as described above.

For shipments overseas, based on your destination location and related costs, Altair and the van line carrier will determine whether a surface shipment, air shipment, or combination of the two are most appropriate for the transportation of your household items and personal effects.

The same van line / household goods carrier should be utilized to provide the packing, loading and delivery services to ensure consistent handling of your goods and coverage in the event of loss or damage. It is strongly recommended that you take advantage of the packing services provided by the moving service. If you pack yourself, none of the goods that you pack will be insured. Professional Van Lines will not allow customers to load or unload van line trucks, equipment and space.

Option 2: Assisted Self-Move (not available for overseas shipments)

You have the option of transporting your household goods through an assisted self-move such as U-Haul, Budget, Pods, etc. Altair will reserve the rental truck on your behalf and will have the rental truck company contact you directly to arrange services. If utilizing U-Haul, the cost of the truck rental only can be direct billed to Altair. If utilizing another carrier/vendor, you will need to submit for reimbursement of eligible expenses to your Altair consultant.

Important Notes Related to Assisted Self-Move
Rental trucks generally range in size from 10 to 26 feet – please discuss with your Altair consultant your approximate residence size and items being shipped so they may best help you decide on truck size.

Direct billing of the truck rental cost to Altair is authorized. Your Altair consultant will provide the appropriate information for you to contact the self-move company.

Truck companies provide insurance protection on the truck only; however, please note that the truck company will not cover damage claims as a result of hitting a marked overhang, overpass, bridge or like structure. In situations such as these, you would be responsible financially through your own insurance provider.

You will be responsible for the following: disconnecting and reconnecting of all appliances, grandfather clocks, antique clocks, wall clocks, as well as crating/uncrating flat screen TVs, antiques, paintings, artwork, glass & marble tops tables, disassembly/reassembly of pool tables, play equipment, exercise equipment, water beds, etc. Your goods will not be insured.
You may pick up packing supplies from the rental truck company in advance of picking up the truck or at the same time.

It is important that you notify your Altair consultant once your move has been completed, so that Altair can expect to receive the bill from the rental truck company for services covered by LinkedIn. Neither LinkedIn nor Altair are responsible for any damage to the rental truck or other equipment, personal property, or personal injury incurred as a result of the employee utilizing the self-move option vs. the van line-assisted move. Your goods will not be insured.

Option 3: Reimbursement of Moving Services without Altair's Assistance

If you prefer to arrange moving services on your own, you will be responsible for arranging and paying for the moving services directly. You may then submit for eligible reimbursement up to the Flex cap amount of these expenses through Altair's STAR Employee and Family website. If you choose to utilize a carrier of your choice to transport your household goods and personal effects, please be aware that use of LinkedIn / Altair-preferred partners and suppliers helps ensure the following on behalf of LinkedIn, Altair, and you:

- Oversight of the process to ensure consistent delivery of services provided to you and your family.
- The ability to take advantage of cost savings established through contractual agreements and volume discounts.
- Assurance that the services provided to you are appropriate and within the scope of LinkedIn's and Altair's service agreements.

Leverage to help reach quick resolution in the event of any issues.

Transportation of Automobiles

Your Flex Reimbursement Allowance can be applied towards the shipment of your personal automobile(s). The vehicles must be in working order and must fit on a standard car carrier or moving van. Alternatively, you may be reimbursed for mileage if you choose to drive your personal automobile to the new location.

Loss on Auto Sale

Should you choose to sell or dispose of your automobile(s) prior to assignment, the Company will reimburse you for any resulting loss based upon the difference between the wholesale and retail price or the actual sales price and the retail price from a source determined by the Company, whichever is less, up to a **maximum of 20% of your total Flex Reimbursement Allowance**. This policy does not apply to recreational, antique or commercial vehicles. Motorcycles are considered recreational vehicles.

The number of cars to be protected against losses will be limited to two (2) for a married/partnered employee, and one (1) for a single employee. To claim reimbursement of loss, proof of ownership and a copy of the bill of sale will be required.

Please refer to the full list of Covered items under the Flex Reimbursement Allowance. As already stated, any costs incurred above your maximum amount of Flex benefits will be your responsibility and not the responsibility of LinkedIn or Altair.

Altair will assist you in managing the services and the costs as you work with them to make your benefit selections. Your Altair Consultant will provide detailed information on each benefit and the documentation you will need to submit for each relocation expense reimbursement.
You will not need to select all of your Flex benefits at one time, but all benefits must be selected and utilized before the six-month anniversary of the start date in the destination location, to the extent permitted by applicable law.

Should you not use your Flex benefit maximum amount, you **will not** be provided the difference in cash. Any taxes incurred on the flex benefits will be paid by LinkedIn and will not be included in the maximum amount.
